

# PROTECTIVE GLOVE SOLUTIONS

HAND PROTECTION EXPERTISE SINCE 1920

## CERTIFIED HAND PROTECTION

semperguard® gloves are certified as Personal Protective Equipment according to PPE Regulation (EU) 2016/425. Most of our industrial gloves are additionally certified as CE Class I medical devices and successfully fulfil the requirements of the Medical Device Regulation 2017/745 (EU).

## SAFE FOR SENSITIVE SKIN

Protect your skin from common allergies with skin-friendly nitrile gloves which are free from natural rubber latex proteins. Innovative manufacturing methods like our Green Glove technology and our washing and finishing process significantly further reduce the risk of skin allergies.

## PERSONAL PROTECTION

Harmful chemicals and mechanical injuries are risks in the assembly, maintenance and repair of industrial products. Particularly suitable for these tasks: the strong **semperguard® Xpert** which protects against different chemicals\*, the extra-long **semperguard® Xtension** with added splash protection, and the elastic **semperguard® Xtra-lite** for precision work.

## LABORATORIES & PHARMACEUTICAL INDUSTRY

For the common requirements of lab workers **semperguard® comfort** provides a good combination of wearing comfort and chemical protection\*. For professionals in the pharma industry, the accelerator-free **semperguard® green** offers skin-friendliness and a good touch and feel.

## FOOD SERVICE INDUSTRY

Several options are available for the professional handling, preparation, cooking and serving of food. The **semperguard® cobalt blue** offers an appealing colour that conforms to HACCP standards. Another stylish option is the black **semperguard® Style**, while the **semperguard® Xenon's** white colour makes it a hygienic option.

## PROFESSIONAL CLEANING

The versatile and comfortable **semperguard® latex comfort** is a suitable glove for cleaning services as it protects against certain aggressive substances\* used in cleaning products. The **semperguard® latex comfort** similarly is a good option when wearing comfort, value for money and easy donning are important.

**IMPORTANT NOTE:** The latest product information is available at [www.sempermed.com](http://www.sempermed.com) under the 'Products' tab. Failure to observe this information, in particular with regard to (chemical) resistance, frequency of use and tolerability of the gloves, can result in personal injury and/or material damage. Semperit is not liable for incorrect use of the gloves nor will Semperit be liable for improper storage and handling. In case of damage or unusual signs of wear and tear, gloves shall not be used. In case of any doubt, expert advice should be sought before use. The information and classification is up to date as of the date of publication. Technical details are average values from production and may vary in individual cases. This disclaimer is subject to mistakes, printing errors and amendments. **CAUTION: Natural latex can cause allergic reactions, including anaphylactic shock. Semperit bears no liability for allergic reactions.** ©Copyright 2022 Sempermed

# MILE STONES

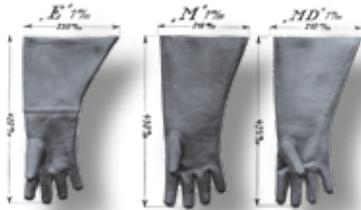

## 1824 GROUNDBREAKING BEGINNINGS

Semperit is founded by Johann Nepomuk Reithoffer, a tailor, entrepreneur and inventor specialising in waterproof fabrics. His patented weaving machine marks the start of the European rubber industry.

## 1852 OUR FUTURE HOME

Construction commences on a factory in Wimpassing, Austria, which will one day house Sempermed's surgical glove production and research and development centre.

## 1920 FIRST GLOVES

Semperit starts producing latex gloves.

## 2000 THE SEMPERGUARD® BRAND

The industrial glove portfolio is launched, consisting of three gloves including the trusted semperguard® Xpert – our first nitrile glove.

**semperguard®**

## 2010 XTRA LITE

The lavender blue semperguard® Xtra-lite convinces with its elasticity.

## 2015 MADE IN MALAYSIA

At Plant 7, a state-of-the-art manufacturing facility, we are producing quality online-chlorinated nitrile gloves.

## 2018 SUSTAINABILITY & SKIN-FRIENDLINESS

The innovative Green Glove Technology introduces a new level of sustainability in glove manufacturing.

## 2020 A CENTURY OF GLOVE EXPERTISE
